**Five9 TECHNOLOGIES NAMES PAUL WHEATON SENIOR VICE PRESIDENT
AND CHIEF STRATEGY OFFICER**

CHICAGO – January 23, 2008 – Five9 Technologies, an IT management consulting firm that transforms its clients' capabilities through measurable, process-based best practices, today announced the addition of Paul Wheaton to the position of senior vice president and chief strategy officer.

In this position, Mr. Wheaton will draw from his 20+ years of technology industry experience to review day-to-day operations and define a long term competitive strategy for the organization that will ensure revenue growth, profitability and will strengthen the firm's world class capabilities. Additionally, Mr. Wheaton will work with the Five9 leadership team to develop and solidify Five9 IT Strategic Services capabilities, and will oversee service delivery for a number of the firm's nationally recognized Fortune 500 clients.

Mr. Wheaton brings to the position extensive IT industry management experience, including managing large professional services practices within Accenture, BDM International and Deloitte as well as executive roles within industry-leading software firms including Platinum Technology and Computer Associates, where Mr. Wheaton recently led CA's global manufacturing business.

“Paul Wheaton is a proven leader within the IT management consulting and enterprise software markets and a phenomenal addition to the Five9 team. We look forward to his guidance, leadership and performance to allow our firm to continue to grow exponentially from a capability and regional perspective,” said Christian Iantoni, president and managing director of Five9 Technologies

Five9 specializes in IT business alignment and process improvement for organizations with complex IT infrastructures. By utilizing senior level IT specialists who have achieved the highest levels of accreditation within multiple disciplines of IT, Five9 delivers cost control, compliance and risk mitigation, improved IT service and growth through innovation to its clients.
